

# WHITE WASHED TOMBS

## DISCUSSION QUESTIONS

1. When do you feel pressured to act fake or give the impression that you have it all together even though you don't?
2. In what ways does culture move you to worship other things? (i.e. money, self, politics...)
3. When do you feel the closest to God? What is your favorite way to worship Jesus? (i.e. music, reading, sharing the gospel, praying by yourself)
4. Why is God truly the only one who deserves worship? How does the Gospel help us focus our worship on God alone? \*(Leader Note: If you have time to spare, make sure your students actually know how to articulate the Gospel in their own words!)\*

## HYPE NIGHT RECAP

Think back to Tucker's hype night message. Is there anything from the message that stood out to you?

What is the next faith step you want to take?

(Asking more questions about faith, accepting Jesus, baptism, getting a mentor, etc?)

## ACTION STEPS

- Ask someone in your life to pray for you this week that you would do everything as if you were doing it for God and in spirit. Pray that you would not be a hypocrite but instead that you would worship God in all that you do.
