

# STAND FIRM

As we go through season of change and inconstancy, it can be so easy to let faith fall on the back burner. Then when the chaos of life seems to calm down, we are left wondering why God seems distant and our faith feels weak. It can be a disheartening experience, but the book of 2 Peter tells us that God has never intended shifting seasons to weaken our faith. In fact, 2 Peter tells us that, "God has given us EVERYTHING WE NEED for living a godly life." As believers, we have been equipped with the tools and wisdom we need to **STAND FIRM** in our faith, no matter the season. Our hope, is that this series would show students the wisdom and practical faith tools that they can rely on in every season of life so that they may guard their faith as they continue to grow in the grace and knowledge of Christ.
